Earth Not the Only Abiding Place of The Edisto Baptist Association Will of God's People.

SOME FINANCIAL FIGURES.

The County Fair Made a Remarkable Record.

The County Fair after paying all its current expenses for running this year made a net clearance of from V. Dodenhoff, Mrs. D. O. Herbert. \$3,000 to \$4,000. In other words the money derived from admissions, renting floor spaces in the main building, and all other sources, paid every expense of the Fair for this year, and will leave a balance of about \$3,500 for the Fair treasury.

Of the \$10,000 capital stock, only about \$7,000 has been collected. The buildings at the Fair grounds cost about \$9,000 while the land cost \$5,500, making the total cost of grounds and lands about \$14,500. Now if the entire capital stock were paid in together with the surplus from this year's run, would only lack \$500 to be able to pay for a complete \$14,500 equipment; which will at all times be well worth the money invested. Therefore the stock of the County Fair Association ought to be worth \$14 a share instead of the par value of \$10.

This is indeed a fine record, and one that the management may be proud of. Next year, however, they ontemplate making the Fair even better, and are now thinking seriously of having a negro building put ip. At the same time they want to build a woman's building, with an auditorium on the second floor. Needless to say that these additions would make the Fair much better than it was this time.

The Fair next year will only be four days instead of five, thereby giv ing exhibitors Monday of the week in which to bring their exhibits in, and the last day of the week for them to take them home. The advertising spaces in the main building will be for rental again next year. Already three of them have been reserved, and the remaining spaces will be taken up easily by next year.

The turkey whistled softly and sadly, "I Would Not Live Alway," as he gazed solemnly at the calendar and realized that Thanksgiving day was almost here.
